25/10/2024	Ministerial correspondence

Note that in addition to this list, the Minister and other staff in the Office are also members of a WhatsApp group which also includes staff from the ACT Party Leader's Office. This group is primarily used for sharing media articles that mention ACT and ACT Party media releases. On any day there are dozens of links to media articles and media releases. I have not listed every occurrence of this for the period asked.
