

37348 (2024)

Table 1: Roles and vacant roles within the breast screening workforce by region as of 7 June 2024

Region	Current (FTE)	Vacancies (FTE)
BreastScreen Waitemata and Northland (BSWN) – covers Waitemata and Northland districts	54.4	6.1
BreastScreen Auckland Central (BSAC) – covers Auckland Central District	28.7	6
BreastScreen Counties Manukau (BSCM) – covers Counties Manukau district	39.5	4
BreastScreen Coast to Coast (BSCC) – covers MidCentral, Hawke's Bay, Whanganui, Taranaki and Tairāwhiti districts	22.8	1.9
BreastScreen Central (BSC) – covers Capital & Coast, Hutt and Wairarapa districts	35.09	3.8
BreastScreen Midland (BSM) - covers districts of Waikato, Lakes, and Bay of Plenty	30.5	7
BreastScreen Otago Southland (BSOS) - covers Southern district	21.8	3.8
BreastScreen South (BSS) - covers districts of Canterbury, South Canterbury, West Coast and Nelson Marlborough	81.65	1

Headcount does not include pathology, medical physicists and surgeon roles which are fee-for-service.

Notes:

- BSS and BSOS data for subcontracted clinical and non-clinical roles is not broken down specifically for breast screening as the data includes private, diagnostic and BreastScreen Aotearoa imaging. Pacific Radiology Group and Canterbury BreastCare are unable to provide data specifically for the breast screening portion of FTE.
- BSM and BSCC current FTE and vacancies excludes privately sub-contracted imaging providers in Bay of Plenty, Lakes, New Plymouth, Gisborne, and Hawke's Bay.
