Appendix One: Currently active individual contractors and consultants whose hourly rate exceeds $200

Table notes:

- Recruitment agencies have been excluded, as individual hourly rates for contractors engaged through agencies are not centrally recorded. Obtaining and validating this information would require significant manual effort.
- Where the information could lead to the identification of an individual's hourly rate, names and/or role or engagement descriptions have been redacted.
- Suppliers may appear multiple times where separate engagements or contracts apply.
- Hourly rate ranges are shown where contracts cover multiple roles; some lower-rate roles fall below $200.
