Notes:

The Department of Conservation advises that this table contains only entries recorded in its contracts system. While there is an existing process in place to record contracts, there is potential for some active contracts to not yet be registered in reporting systems.

The Master Services Agreement has no total monetary value attached. It has been included as it is a binding contract and provides the terms for any Statements of Work issued for these services.

The Department of Conservation engaged with KPMG for audit services under Auditor General audit engagement agreement over this period.
