

Table 41474 (2025) (a). Count of New Appointments at the Ministry of Health and Cancer Control Agency from 1 August 2024 to 31 July 2025.

Month	New Appointments	Total Salary
August 2024	<5	\$369,379
September 2024	46	\$6,478,209
October 2024	37	\$4,953,502
November 2024	34	\$4,054,486
December 2024	27	\$3,389,294
January 2025	35	\$3,839,626
February 2025	30	\$3,520,421
March 2025	33	\$4,372,547
April 2025	25	\$3,453,957
May 2025	20	\$2,553,445
June 2025	14	\$2,132,740
July 2025	16	\$2,064,535
Total	320	\$41,182,141

Note: Data has been anonymised where the sample size is <5 to protect the privacy of individuals. "New Appointments" include permanent, fixed term, and external secondments, and staff who have been redeployed to a new role following the change process. The data excludes fixed term extensions, internal secondments, and acting arrangements

Table 41474 (2025) (b). Count of New Appointments at Health NZ from 1 August 2024 to 31 July 2025.

Month	New Appointments	Total Salary
August 2024	474	\$37,500,322
September 2024	845	\$68,968,367
October 2024	743	\$61,015,544
November 2024	480	\$36,050,632
December 2024	442	\$29,958,647
January 2025	2,827	\$307,892,294
February 2025	929	\$70,757,431
March 2025	849	\$59,539,979
April 2025	814	\$64,105,479
May 2025	661	\$47,353,921
June 2025	843	\$53,313,212
July 2025	1,501	\$161,638,805
Total	11,408	\$998,094,633

Note: "New Appointments" include permanent, fixed term, and external secondments that are new appointments to a district and excludes internal secondments and acting arrangements within a district, and fixed term extensions. Redeployments following recent change processes are not included.

Because of the standalone structure of each district payroll, transfers between districts are counted as new starts in this data. This is particularly relevant to RMOs due to interdistrict rotations as part of their training. January and July are months with large numbers of rotations.
