

WPQ: 38392 (2025)

Table 1: Total number of legal aid providers who did not pass audits between August 2024 to July 2025.

Type	Number
Limited Audit	12
Full Audit	3
Total	15

Notes:

The date range is based on when the final outcome of the audit was sent to the provider.

Limited audits are conducted by the Ministry of Justice to check record keeping, file management, and correct fee claims, and to identify providers who may need a full audit.

Limited audit outcomes are either “Meet” or “Does not meet”, and “Does not meet” is considered not passing the audit.

Full audits are conducted by experienced external legal aid practitioners on providers assessed as higher risk due to factors like case volume, expenditure, and previous audit or complaint history.

Full Audit outcomes are “Excellent”, “Very Good”, “Acceptable”, “Poor” and “Very Poor”, and “Poor” and “Very Poor” are considered not passing the audit.
