Notes for Table 1:

- The age of an active case is calculated in calendar days from the date of filing to the report date (end of month); this excludes any time that a case is "on hold" due to the issuing of a warrant to arrest for the defendant.
- This data was extracted from the Case Management System used by the Courts on 05 July 2024. This is an operational system that is updated with late data entry. Therefore, this data may differ from data reported elsewhere with a different extraction date.
- Data is provided for the Youth Court only.
