

42690 (2025) Tables

Table 1. 2024 completed apprentices by ethnicity

Learners can report up to three ethnicities, they will be counted in each of the ethnicities they reported. The totals in the tables remove learners that are counted more than once. Therefore, the sum of learner numbers by individual ethnicities may not equal the total in the table.

Ethnicity	Reporting year
	2024
Asian	1,000
European	7,225
Māori	1,740
Pacific Peoples	690
Middle Eastern/Latin American/African	270
Other Ethnicity	195
Total completed apprentices (distinct)	10,690

Table 2. 2024 completed apprentices by gender

Gender	Reporting year
	2024
Female	1,545
Male	9,125
Unknown	15
Total completed apprentices (distinct)	10,690

Data Caveats:

The data was extracted on the 1 September 2025 for 2024 reporting year. Data relates to apprentices who completed apprenticeship programmes in 2024.

Industry training data submissions (by Tertiary Education Organisations) occur continually throughout the year. Enrolments may take several months to be processed.

Learners can report up to three ethnicities, they will be counted in each of the ethnicities they reported. The totals in the tables remove learners that are counted more than once. Therefore, the sum of learner numbers by individual ethnicities may not equal the totals in the tables.

All learner numbers in this information request have been rounded to the nearest five. Due to rounding, the underlying values may not add up exactly to total values.

Results are based on information reported through the Industry Training Register (ITR) and relies on the accuracy of data reported by TEOs.

This data has been compiled specifically to respond to this question. It uses administrative data collected by the Tertiary Education Commission for the purposes of funding tertiary education and relies on the accuracy of data reported by TEOs.
