

IN-CONFIDENCE

PQ 9741 (2025) – Attachment

Survey	Date	Comment
Ad hoc surveying of the partners by Treasury programmes	Ongoing	Providing dates would be substantial work to collate – Individual projects and initiatives often include feedback surveys as part of their design and assessment phases. Typically, the audiences surveyed are individuals involved in the specific work of the programme from within other public sector, non-governmental and private sector partners.
Stakeholder Survey	Periodic	The Treasury undertakes this survey on a typically two-yearly cycle. Results are published here . The 2024 survey was delayed from 2023 due to timing of the general election – and is due to be published shortly.
Public Survey	Periodic	The Treasury occasionally purchases an agency ‘deep-dive’ report of public sentiment and perceptions from Verian who conduct the Public Sector Reputation Index survey annually.
Ministerial Satisfaction Survey	Annually	The Treasury survey Ministers annually on the quality of advice they have received from the agency. The resulting Policy Advice Measure is published in the Treasury’s Annual Reports .
