Table notes

- Data as of January 2024
- The table above represents the proportion of the enrolled population as a percentage of the estimated population of New Zealand (based on population estimates in December 2022 from projections provided by Stats NZ).
- *The estimated percentage of those who are enrolled in a PHO may exceed 100% as data is sourced from two different places (Ministry of Health & Stats NZ).
- Population is based on the December 2022 update of the projections provided by Stats NZ.
- Please note that these are estimated people in New Zealand not identifiable people.
