Table 26536 (2026). What was the budgeted or appropriated funding for the Healthy Homes Initiative delivered by Health New Zealand in each financial year since 2021/22, and how did actual expenditure compare with that budget in each year?

Financial year	Budgeted or appropriated funding ($m)	Actual expenditure ($m)	Variance ($m)
2022/23	13.875	13.875	0.000
2023/24	14.360	14.360	0.000
2024/25	16.395	16.395	0.000
2025/26	16.887	16.887 (estimate)	0.000 (estimate)

Notes:

- Data extracted 9 June 2026.
- Health New Zealand was established on 1 July 2022. While it holds Healthy Homes Initiative programme data for the life of the initiative through the live collective database, it did not hold funding for the initiative in the 2021/22 financial year. Accordingly, funding and expenditure information for Health New Zealand is only available from 2022/23 onwards.
