- \$5k to Work is an 'incentive payment' to assist clients who have secured sustainable employment to relocate.
- The \$5k to Work incentive payment is a non-taxable payment of \$5,000 and is not asset or income tested.
- Number of grants are not the same as the number of distinct clients. A client may have been granted more than one 5k grants where operational errors may have occurred.
- The calendar year 2024 covers only the period from 1 January 2024 to 31 October 2024.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random rounding does not round down to zero, a value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
