Notes:

- The tables include working age only (18 to 64 years)
- This is a count of sanctions, not clients. A client can have more than one sanction within the time period.
- This includes all sanction failure reasons e.g. Failed to attend appointments, Preparing for work and Participating in work.
- This does not include Jobseeker Support Work Ready clients
- Supported Living Payment Includes Supported Living Payment Carers and Supported Living Payment Health Condition, Injury or Disability clients.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random Rounding does not round to zero. A value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
