

Appendix One: The number of people in prison that are currently on a waitlist to attend a rehabilitation programme, broken down by prison and rehabilitation service type, as at 30 June 2025.

Table notes:

- The AOD High Intensity Programme with a waitlist of 70 people, and the AOD Moderate Intensity Programme with a waitlist of 96 people, cannot be broken down by prison as people may be transferred to different prisons depending on availability. Additionally, 1,062 people are awaiting assessment to determine their level of AOD need and which, if any AOD treatment programme best matches their level of AOD need.
- Psychology Programmes also included waitlist numbers for individual face-to-face psychological treatment.
- The data provided is manually recorded at each site and is provided to the best of Corrections' ability.
- Not all programmes are delivered in every prison, a person may be counted multiple times if they are on a waitlist for more than one programme.
- A person's eligibility to participate in any particular programme can depend on a number of factors, including their security classification, identified risks and willingness to engage. Some people may be on a waitlist if it is not the appropriate time in their sentence to complete a programme. The figures below show the number of people that have been identified as eligible and likely to benefit from these programmes, and are therefore placed on waitlists to attend a programme when it is reasonable to do so.
- Data below represents the current location of people on a waitlist.
- Data may be subject to change over time as a result of retrospective assurance amendments being made.
- Some of these figures have been extracted from live databases and are accurate as at the day of their extraction.
