

WPQ 29159 (2026) Table: The number of applications housed and the average time taken to house applicants between 1 January 2026 and 31 March 2026, broken down by whether the client requested a modified house (Yes/No)

Quarter / Requested for a modified house		Number Housed	Average Time to House (days)
March 2026	No	2,238	314
	Yes	27	464
	Total	2,265	315

Notes:

- This only includes priority A and B applications.
- This includes applications both on the Housing Register and the Transfer Register.
- Applications housed may have been housed with Kainga Ora or with a Community Housing Provider.
- The average time to house is the total number of days taken to house all applications divided by the total number of applications.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random rounding does not round down to zero, a value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
