Notes:

- The table includes working age only (18 to 64 years).
- Main Benefits exclude NZ Superannuation, Veteran's Pension, Non-Beneficiary assistance, Orphan's Benefit and Unsupported Child's Benefit.
- Clients in case management is based on the client having a case management programme tag and is assigned to a case manager.
- A client is counted once if they had multiple work exits in the period.
- To protect confidentiality, the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
