

WPQ 73910 (2024) Table: What was the total time spent of ‘vehicle hours ramping’ by ambulances, if at all, by month and each relevant hospital listed on the Ministry of Health website, between the dates 1 December 2023 – 13 November 2024?

Hospital	December	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov*
Auckland City Hospital	786.2	668.9	682.8	769.6	679.3	888.8	875.8	1108.6	750.8	754.3	662.3	
Middlemore Hospital	662.3	768.9	749.4	935.4	920.1	943.0	732.2	1418.5	976.9	853.4	824.2	
Waikato Hospital	554.6	533.2	528.4	581.4	759.9	821.5	606.0	982.3	746.4	508.7	403.2	
Christchurch Hospital	466.7	437.3	370.9	412.0	360.3	373.0	411.2	437.3	379.2	362.9	413.4	
North Shore Hospital	513.1	518.0	685.5	403.6	400.6	397.1	452.9	461.1	338.4	333.7	348.1	
Waitakere Hospital	164.2	171.8	169.9	192.9	171.0	179.2	174.1	213.0	173.2	175.1	178.8	
Palmerston North Hospital	158.1	142.7	136.8	118.9	113.1	193.4	185.6	296.9	156.5	144.4	200.5	
Hawkes Bay Hospital	91.2	102.6	96.1	91.7	88.9	108.5	100.1	102.5	104.6	89.7	84.7	
Nelson Hospital	41.7	44.9	45.9	67.9	39.3	63.1	64.7	98.6	46.9	49.6	60.7	
Rotorua Hospital	39.0	42.3	35.3	43.6	50.0	50.5	62.7	62.9	48.4	65.2	57.6	
Wellington Regional Hospital	259.6	276.5	257.9	295.1	280.9	316.1	343.9	323.7	313.3	330.6	299.9	
Hutt Hospital	107.4	127.5	124.4	136.8	140.2	160.8	170.7	176.6	178.1	193.0	144.9	
* November data is incomplete, so has been excluded												

Data extracted 20/11/24

Provided by Hato Hone St John and Wellington Free Ambulance (WFA) relating to 12 of New Zealand’s larger hospitals with emergency departments (EDs). The first ten hospitals on the list are serviced by St John; the last two by WFA.

Note 1: the attached spreadsheet includes month-end data, so does not include November 2024.

Note 2: this list does not include all EDs. The hospitals for which data is provided are those for which regular system pressures are tracked and for which, generally, ramping is an issue.
