Notes:

- This only includes priority A and B applications.
- This includes applications on both the Housing Register and Transfer Register.
- Accommodation type is the type of accommodation the client is recorded staying in as at each reported period.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
