| Month End Date | Overcrowded Count | Overcrowded Percentage of Total Tenancies | Severely Overcrowded Count | Severely Overcrowded Percentage of Total Tenancies |
|----------------|-------------------|-------------------------------------------|----------------------------|----------------------------------------------------|
| 30-Jun-20      | 8,038             | 12.9%                                     | 3,747                      | 6.0%                                               |
| 30-Jun-21      | 8,032             | 12.9%                                     | 3,724                      | 6.0%                                               |
| 30-Jun-22      | 8,184             | 13.1%                                     | 3,677                      | 5.9%                                               |
| 30-Jun-23      | 8,057             | 12.8%                                     | 3,577                      | 5.7%                                               |
| 30-Jun-24      | 8,048             | 12.1%                                     | 3,449                      | 5.2%                                               |
| 30-Jun-25      | 7,940             | 11.3%                                     | 3,278                      | 4.7%                                               |

Note:

- **Overcrowding** is defined as tenant bedroom requirements being one more than the number of bedrooms.
- **Severe overcrowding** is where the tenant bedroom requirements are two more than the number of bedrooms.
