Canterbury	Tamaiti Healthy Homes		642	1440	2309	966
South Canterbury/ Southern	Aukaha Healthy Homes		48		282	190

Notes:

- Data extracted 9 June 2026.
- The Healthy Homes Initiative was initially established in selected districts with a high incidence of rheumatic fever, covering 11 district health boards, and was subsequently extended nationwide from 1 July 2022. Accordingly, some districts do not have data recorded for earlier years because services had not yet been implemented in those locations.
