Notes:

* Providing the Member with this information would require the region to undertake a substantial manual collation exercise and divert staff from their core duties. In accordance with Speaker's Ruling 185-6, I consider that the time, and hence the expense, of answering the Member's question is not in the public interest.

Wairarapa: These are only counted from the complaints listed under "radiology" in the feedback system.

This data is based on the concerns raised by individual complainants. It is irrelevant of the outcome of the complaint investigation i.e. a delay may or may not have actually been the finding of the investigation.

For complaints less than 5 we have indicated as <5 to protect the privacy of individuals.

This is not validated data - this data is subject to change.
