Notes:

- Data extracted 28 May 2026.
- Figures are as at 31 December 2026.
- The figures do not include applicants who declined their matched offers.
- The total number of accepted offers of employment includes those that have been in employed into Health New Zealand including primary health care, aged residential care and community employers.
- The talent pool opened on 1 December 2025, followed by the match process. Employers continue to offer employment to applicants from the talent pool when vacancies arise until it closes on 19 June 2026.
- The total number of accepted offers of employment only includes applicants employed through the Advanced Choice of Employment (ACE) Registered Nurse (RN) process including match and talent pool process. It excludes graduate RNs employed by districts outside of ACE RN process.
- ACE data is limited to employment updates received from districts and graduates. ACE is only advised once a graduate has accepted an offer and ACE does not hold record on the number of offers made, declined, or the number of applicants who may have received offers without accepting.
