Notes:

- This is a count of cancellations not a count of clients, clients can have multiple cancellations in a period.
- This includes working age clients aged 18-64 only.
- Jobseeker Support Work Ready includes Jobseeker Support Work Ready and Jobseeker Support Work Ready Hardship.
- Jobseeker Support Health Condition and Disability includes Jobseeker Support Health Condition, Injury or Disability and Jobseeker Support Health Condition, Injury or Disability Hardship.
- This table only includes cancellations for the following reasons: Change in Marital Status, Death, In Prison and Left New Zealand.
- The Ministry of Social Development's financial year commences on the 1st of July and ends at the 30th of June.

- To protect confidentiality, the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
