Notes:
To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
These data tables have had random rounding to base three applied to all cell counts in the table.
Random Rounding does not round to zero. A value of one or two will be rounded to three.
The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
The published counts will never differ by more than two counts.
In certain circumstances low numbers may potentially lead to individuals being identified.
Due to these privacy concerns, numbers for some categories of clients have been suppressed. Suppressed numbers have been replaced by an 'S'.
