

Appendix One: The number of people who attended and completed rehabilitation programmes while serving a sentence of imprisonment in each quarter and year from 2020/21 to 2022/23.

Table Notes:

- The data provided is manually recorded at each site and is provided to the best of Corrections' ability.
- Data may be subject to change over time as a result of retrospective assurance amendments being made.
- A person's eligibility to participate in any particular programme can depend on a number of factors, including their security classification, identified risks and willingness to engage.
- COVID-19 restrictions and subsequent custodial staffing challenges limited the ability to run some programmes both on and offsite during some periods.
- These tables show the number of people who attended or completed at least one programme in each of the time periods reported on. Accordingly, each person will be counted a maximum of once in each period, even if they attend or complete multiple rehabilitation programmes.
- Figures are not comparable between quarters and years as the same person may be counted in multiple quarters within a year, but only once in the figure for that year.
- The data provided in these tables includes only rehabilitation programmes.
- A person is reported as attending a rehabilitation programme in a time period if they are recorded as starting the programme in or before that period with an end date that is in or after that period, or is not specified.
- Attendance and completion statistics cannot be accurately compared, as a person may attend the same programme through multiple quarters or years, but will only be recorded as completed in one quarter and year.

Table One: People who attended rehabilitation programmes within each quarter and financial year.

	2020/21	2021/22	2022/23
July – September	1,445	1,094	932
October – December	1,312	983	897
January – March	1,209	809	840
April – June	1,295	788	800
Financial year	2,848	2,049	1,921

Table Two: People who completed rehabilitation programmes within each quarter and financial year.

	2020/21	2021/22	2022/23
July – September	702	519	408
October – December	796	496	519
January – March	520	316	391
April – June	677	288	438
Financial year	2,256	1,450	1,509
