Notes

- The financial year runs 1 July to 30 June.
- The cases have been identified using system codes that show an application includes claims about healthy homes standards. Most of these cases likely include claimed non-compliance with healthy home's standards, but data is not able to confirm that. Whether or not a case is "successful" is not recorded in our system and so we can't provide it.
- Whether or not a case is "successful" is not recorded by the Tenancy Tribunal system, so that information can't be provided.
- Some applications to the Tenancy Tribunal are resolved through mediation or resolved between the two parties and withdrawn, so not all will progress to a Tenancy Tribunal hearing.
