	Quarter total	57	75	36	12	3	6	12	177

Notes:

- The table includes working age only (18 to 64 years).
- This is a count of sanctions, not clients. A client can have more than one sanction within the time period.
- Children in care is assessed at the time of sanction.
- This table only includes Jobseeker Support - Health Condition or Disability and Supported Living Payment clients.
- Jobseeker Support - Health Condition or Disability includes Jobseeker Support Health Condition, Injury or Disability and Jobseeker Support Health Condition, Injury or Disability Hardship.
- Ethnicity data is self-identified and multiple ethnicities may be chosen by an individual as fits their preference or self-concept.
- Total response ethnicity means that if a person identifies with more than one ethnic group, they are counted in each applicable group.
- Because a client can choose more than one ethnic response, the total number of ethnic responses will be greater than the number of clients.
- MELAA refers to Middle Eastern, Latin American, and African.
- 'Unknown' is where ethnicity is not recorded. 'Other ethnicity' is where ethnicities fall outside the reported ethnicities.

- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random rounding does not round to zero. A value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
