

Appendix One: The percentage of young adults under 25 years old, participating in education, vocational training, or life-skills programmes during November 2024, broken down by sentence status and prison.

Table notes:

- The data provided is manually recorded at each site and is provided to the best of Corrections' ability.
- People in prison may be unwilling to engage in programmes. It is important that people participating in these programmes are willing to engage, as non-compliance or other disruptive behaviour can have a negative impact on others undertaking the same programme.
- Attendance in the table below provides the number of people that have attended at least one education, vocational training, or life-skills programme in November 2024.
- Some programmes are not scheduled to start and finish evenly throughout the year, and some people may have recently completed or will soon start a new programme.
- Information does not include Auckland South Corrections Facility, which is managed by Serco, not Corrections.
