

Written Question: 9444 (2026)

What technology or software systems, if any, used by any department or entity for which the Minister is responsible have been identified as end-of-life, unsupported, or requiring urgent replacement since 27 November 2023, listed by department or entity, system name, purpose, and estimated replacement cost?

Answer:

I am advised that since 27 November 2023 WorkSafe New Zealand has decommissioned two end-of-life or unsupported IT systems and replaced end of life or unsupported hardware and software at a cost of \$2.15m. Refer to the table for detail.

Technology/Software System	End of Life/Unsupported/Replacement	System Name	Purpose	System Replacement Cost \$m	Status (Replaced/Backlog)
Windows 10 Operating System	End of Life	Win10	Core software that manages a computer's hardware and software, allowing applications to run and users to interact with the system	0.15	Completed
HP Laptops G3, G4, G6, G7	End of Service	Laptops	Used as the end point device tool for staff to undertake their day-to-day work	1.2	Completed
WorkSpace One	End of Life	WorkSpace One	Used to monitor, secure, and manage the end point devices	0.1	Completed
iPhone XS	Unsupported	iPhone Hardware	Use for telephony, data, and connectivity.	0.7	Completed

Project Portfolio Management	Unsupported	Planview	Used to plan, prioritise, and govern a portfolio of work	0	Decommissioned
TechOne	End of life	CI	FMIS	0	Decommissioned
