Notes:

- One adult caregiver may be receiving OSCAR subsidies for more than one child.
- An OSCAR subsidy is paid in relation to a child.
- In some cases a child may receive more than one subsidy to attend more than one OSCAR institution.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random rounding does not round down to zero, a value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
