Notes:

Breaches of the Healthy Homes Standards have been defined as any breach of the five physical healthy homes standards (insulation, heating, ventilation, draught stopping, moisture ingress and drainage) and whether Healthy Homes documents were being retained.

The reason why the table starts from the year 2021, is because compliance with the Healthy Homes Standards started between 1 July 2021 and 1 July 2025, all private rentals must comply with the healthy homes' standards within certain timeframes from the start of any new, or renewed, tenancy.
