Extracted 24/10/2024.

The table sets out the headcounts of staff across Health New Zealand – which is only captured quarterly – for the relevant quarters ending 31 December 2023, 31 March 2024, and 30 June 2024.

This table includes all staff captured by Health NZ payrolls in the relevant period, regardless of their contract type (casual, permanent, fixed term, contractor). External contractors paid on invoice are not captured, as they are not paid via payroll systems.
