Notes:

- This table includes clients aged 18 to 24 only.
- Main Benefits exclude NZ Superannuation, Veteran's Pension, Non-Beneficiary assistance, Orphan's Benefit and Unsupported Child's Benefit.
- Other Main Benefits can include the following benefits: Emergency Benefit, Emergency Maintenance Allowance, Jobseeker Support Student Hardship, Youth Payment and Young Parent Payment.
- Supported Living Payment includes Supported Living Payment Health Condition and Disability and Carers and Supported Living Payment Overseas.
- Jobseeker Support includes Jobseeker Support Health Condition and Disability and Jobseeker Support Work Ready.
- Ethnicity data is self-identified and multiple ethnicities may be chosen by an individual as fits their preference or self-concept.
- Total response ethnicity means that if a person identifies with more than one ethnic group, they are counted in each applicable group.
- Because a client can choose more than one ethnic response, the total number of ethnic responses will be greater than the number of clients.
- 'Unknown' is where ethnicity is not recorded. 'Other ethnicity' is where ethnicities fall outside the reported ethnicities.

- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
- Random rounding does not round down to zero, a value of one or two will be rounded to three.
