

Table 69512 (2024). Midwifery vacancy full-time equivalent (FTE) as at 20 June 2024

Occupation Group	Central	Northern	Te Manawa Taki	Te Waipounamu
Midwifery	107.08	53.89	40.83	12.3

Table notes:

- HWIP collects data from the Health NZ Districts as at the end of each quarter, and data as at 30 June 2024 is the most current data available
- For this request data has been included from 18 Health New Zealand Districts
- All FTE values are contracted FTE (where 1 FTE = 2086 hours per year)
- Midwives were identified as employees with the Midwife ANZSCO (254111).
- The definition of a vacancy for the purposes of the HWIP collection is as follows:
 - An unfilled position that has funding allocated and will be actively recruited for within the next six months.
 - It is a permanent position that is part of the FTE allocation (if applicable).
 - Where a vacancy exists, it remains a vacancy when temporarily filled.
- The vacancy collection captures three variables - ANZSCO code, job title and FTE
- Vacancy data is reported from the district recruitment/HR/Payroll/Financial systems and are the roles as at a point in time.
- Vacancies are reported to HWIP at the end of each quarter. Depending on the role, the recruitment process timeframe to onboard a new employee may vary
- Vacancy data for the June 2024 quarter is not available from the Canterbury and West Coast District, as they are undertaking data quality improvement processes.
