| **Grand Total** | **22535** | **11154** | * | **383** | * | **34072** |

**Table 1 notes:**

- Breakdowns with less than 20 electors in any category have been replaced with * to protect elector privacy and are not included in the overall totals
- Where there were no data available that information has been left blank.
- The dataset includes numbers of electors who have been removed from the roll:
    - from 1 Jan 2026 up to and including 30 Aug 2026.
- These are provided at the electorate level, as well as at the Māori/General roll level.
- The data is broken down into the following removal reasons:
    - Deceased
    - Dormant 3 Years
    - Overseas
    - Serving prison term per legislation
    - Other
- Boundary changes were implemented in our systems in May 2026. Given the data period for this request starts before this date, electors have been assigned into the correct electorate (pre/post boundary change) at the time each transaction removing a person for the roll was processed.
