

**PQ 00933 (2013) - Which Early Childhood Education centres, listed by name and location, had over 80% qualified teaching staff in 2010?**

**ECE teacher-led, centre-based services with 80-100% of their teaching staff with ECE qualifications approved by the NZ Teachers Council (End of June 2010)**

This list is based on the count of qualified teachers as a percentage of the count of all teachers in a service. As such, it can include more teachers than the number required to meet the regulated teacher/child ratios (i.e. regulated staff).
