

Appendix One: The number of prisoners on a waitlist for psychological and rehabilitation programmes as at 31 January 2026

Table notes:

- There are 821 people on the AOD assessment waitlist. They are awaiting assessment to determine which, if any AOD treatment programme best matches their level of AOD need.
- The AOD High Intensity Programme with a waitlist of 105 people, the AOD Moderate Intensity Programme with a waitlist of 48 people, and the AOD Low Intensity Programme with a waitlist of 14 people, cannot be broken down by prison as people may be transferred to different prisons to attend the programmes depending on availability.
- Data provided for those waitlisted for psychology programmes shows the prison they are currently at – this is not always indicative of the prison they are waitlisted to attend a programme at.
- There are 171 people on the waitlist for individual psychology treatment that are not included in the table below.
- Not all programmes are delivered in every prison; a person may be counted multiple times if they are on a waitlist for more than one programme.
- Data provided is manually recorded at each site and is provided to the best of Corrections' ability.
- Waitlists are national and people regularly transfer to attend programmes, so the prison they are at currently may not reflect where they will complete a programme.
