Notes:

- This includes applications on both the Housing Register and Transfer Register.
- This only includes priority A and B applications.
- From 2 December 2019, The Ministry of Social Development has three options to record a client's or child's gender: Male, Female or Gender Diverse.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
