Table 1: Number of grants and declines for Emergency Housing from 1 January 2023 to 30 September 2025
by quarter ending, outcome and MSD Region

General Notes:
This is a count of grants and declines. A client could have more than one grant or decline in a period.
MSD region is based on the Work and Income region where the recommending case manager for the application was based at the time of the grant.
The 'Other' region includes grants made through contact centres, MyMSD and centralised processing units.

Confidentiality Notes:
To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
These data tables have had random rounding to base three applied to all cell counts in the table.
The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
The published counts will never differ by more than two counts.
