

WPQ 15143 (2026)

Appendix one: Composition, in actual volumes, of sources of energy to power or heat buildings for each financial year from 2019/20 to 2024/25

Table notes:

- Electricity is based on usage, and LPG, diesel, and coal are based on purchases in each financial year.
- This includes all buildings, including prisons, Community Corrections sites, regional and national offices, and training facilities.
- This table excludes data for Auckland South Corrections Facility (ASCF), which is privately managed.

Financial year	Electricity (Kilowatt hours)	LPG (Kilograms)	Diesel (Litres)	Coal boiler (Tonnes)
2019/20	60,347,395.00	1,004,240.00	1,084,725.00	518.26
2020/21	59,332,510.93	1,055,242.91	1,191,241.70	493.80
2021/22	57,490,977.42	1,098,250.52	1,329,619.03	484.84
2022/23	59,205,499.12	1,229,079.72	1,413,920.48	437.72
2023/24	61,173,369.19	1,302,288.85	1,454,834.50	509.58
2024/25	61,695,601.78	1,088,374.68	1,087,946.40	586.04
