Total Consultants & Contractors			54,253	55,000	91,347	100,000	114,736	230,000

Crown Infrastructure Delivery: None

Infrastructure Commission:

The Infrastructure Commission's day-to-day work involves undertaking reviews and inquiries and participating in working groups. This work is completed within the organisation's \$13m appropriation and the work utilises the organisation's approximately 50 FTE. For a list of external agencies conducting reviews or inquiries into the performance of the Infrastructure Commission I refer the Member to the responses to pre-hearing Annual Review Questions submitted by the Infrastructure Commission as part of the Select Committee Annual Review process here:
