

PQ 29114 (2023). Arena Williams to the Minister for Building and Construction:

Has the Minister received any advice on his intended policy to insert a “minor variation” definition in the Building Act that expresses any concern or worry about how this might be enforced so it is used for its intended purpose, if so what advice, reports, briefings, aides-memoire, or any other documents has the Minister, or any member of their Office received on this by title and date?
