- Students paid Student Loan Living Costs and Student Allowance may not have received the assistance at the same time.
- To be entitled to Living Costs a student must be studying full-time (or approved Limited full-time), and under the age of 55 at study start date and not subject to a period of imprisonment.
- Clients with both Student Allowance and Student Loan living costs (SL-LC) can access living costs for the amount exceeding their Student Allowance up to the maximum SL-LC rate.
- To protect confidentiality, the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
