Transition To Work Grant	44,955

Notes:

- This is a count of clients. A client can have more than one grant in a period.
- To protect confidentiality the Ministry of Social Development uses processes to make it difficult to identify an individual person or entity from published data.
- These data tables have had random rounding to base three applied to all cell counts in the table.
- Random Rounding does not round to zero. A value of one or two will be rounded to three.
- The impact of applying random rounding is that columns and rows may not add exactly to the given column or row totals.
- The published counts will never differ by more than two counts.
